Dear Mr Perry

Thank you for this message of November 25 regarding INTD 1820. I have canvassed several of my History faculty colleagues in related areas and we have no substantive objections to your proposal.

Good luck with the course.

Sincerely

Christopher Clark

Professors,

The Office of Veterans Affairs and Military Programs is looking to establish a 1-credit First Year Experience Military History course under the designation of UNIV1820. We have completed the initial coordination with Shawna Lesseur, Assistant Director of First Year Programs and Learning Communities. We have also begun the approval process so that we might offer

the course next semester. Our course will be open to all freshman and sophomore students, but will be targeted towards students who are veterans, active duty military, reservists and/or guardsmen.

I have been asked to contact the three of you to ensure there is no significant content overlap between our proposed UNIV1820 course and any of the courses offered by your departments.

Attached is our syllabus, which will be submitted to the First Year Programs and Learning Communities Faculty Oversight Committee for the next stage in the review process the first week of December.

Please let me know by December 3rd if you have any substantive objections to us moving forward with this course.

Thank you for your time.

Kris

Shawna,

Have heard from POLS and Geography, with no concerns. Still waiting on History...
